

Sarthak Telang

Aspiring Product and Industrial Designer

As a product design student, I'm committed to creating designs that seamlessly integrate simplicity with profound meaning. My focus lies in crafting products that not only serve practical functions but also evoke emotional connections, aiming to inspire and enrich the lives of users through meaningful design.

Education:

2021- 2025
B.Des Product Design
World University of Design
Sonipat, Haryana

2013-2020
Choithram School North Campus
Indore, Madhya Pradesh

Work Experience:

Industrial Design Intern (Onsite - Graduation Project)

Vicharak Computers Pvt. Ltd.
Worked as an industrial design intern for six months working on a modular handheld linux PC. As well as designing enclosures, packaging and media campaigns for various products and hardware.

Keyshot Student Ambassador 2024-2025
Selected as one of the Keyshot student ambassadors helping students and fellow designers navigate and understand the world of product visualization and rendering with Keyshot.

Toy Design Internship (Onsite - Summer Internship)

Smartivity Labs Pvt. Ltd.
Worked on the full product conceptualization, Visualization and Manufacturing of Toy for kids for the age group of 0-3.

Craft Documentation Thesis- Bone Carving

A 15 day workshop experience in Jodhpur, living with artisans to understand the art of bone carving. Worked on documentation and process understanding.

Packaging Design Intern (Remote - 8 weeks)

TailBlaze Foods
Worked on graphics and packaging for pet food and pet care products.
